

## **LAPPE NORDIC SKI CLUB**

### **MIDGET SKI TEAM - PROGRAM DESCRIPTION AND FINANCIAL POLICY**

---

#### **Program Description:**

The Lappe Nordic Ski Club Midget Ski Team is a 9 month per year training and racing program designed for skiers aged 12 to 14\* who are ready to make the jump to competitive skiing. Organized practices are held 1-3 times per week. The program focuses on technique and skill development while promoting racing in a fun environment. The program focuses on local races with at least one organized out of town racing trip. Skiers will be introduced to roller skiing and a variety of racing formats under the supervision of the head coach. Enrolment in this program is for youth who have completed CCC's Track Attack program or at the coach's discretion.

\* Skiers under 12 years old who have reached a comparable level of skiing and maturity may be considered for this program.

---

The Club will provide coaching and race support as follows:

#### **Support for Athletes:**

1. Athletes will be provided with year-round training programs.
2. Organized practices will be held 1 to 3 times per week from September to April.
3. The program includes 1 summer and 1 winter training camp.
4. Racers will have coaching and race support including waxing at events approved by the Club's Executive.

#### **Principles and Values Statement:**

Athletes, or the parent or guardian of an athlete under 18, must sign the Club's Principles and Values Statement.

#### **Parent Support:**

Athletes 13 years old and under as of December 31 of the race season should be accompanied by a parent on trips. If a parent is unable to travel the parent may arrange with another parent/adult attending the trip to substitute as the child's parent. To ensure that the team has sufficient support, this arrangement must be communicated and approved by the trip leader prior to travel arrangements being completed.

#### **Chaperone Policy:**

In the event that there are both male and female athletes under the age of 18, on a trip, there will be a male and a female adult to supervise and assist the athletes. An exception to this rule is that a parent or guardian of an athlete may take on a supervisory role for that athlete regardless of gender.

### **Athlete Costs at Events:**

- The costs for authorized coach's (es') travel, transportation, accommodation and banquet costs will be shared 100% among participating athletes.
- Participating athletes will be charged \$10 per race for waxing with waxing materials provided by the Club.
- Athletes will be responsible for 100% of all their personal costs, including but not limited to travel, transportation, accommodation, and banquet.

### **Club Reimbursement of Athlete Costs at Events:** (based on eligibility and availability of funds)

Club funding is available for Midget Championships only.\*\* All other local and district racing is self-funded by the athlete. A potential alternate race to the Midget Championships may be considered but only if it is a team decision approved by the coach and the Board of Directors. Some racers going to one event and others to another will not normally be approved as such a circumstance puts undue financial costs for coach support onto fewer participants.

1. The Club will reimburse each eligible athlete up to 50% of that athlete's portion of the costs associated with the coach(es).
2. Once, all eligible Club athletes have been considered for funding for the coach(es), the club will reimburse each eligible athlete up to 50% of his/her personal costs for travel, transportation, accommodation, and registration fees.
3. Then, if there are any funds remaining, the Club will reimburse up to 100% of each eligible athlete's waxing costs.

\*\* If the coach deems that a Midget Team member is ready to compete at Nationals with the Racing Team, funding will be considered by the Club Executive.

### **Eligibility for Club Funding:**

Funding to cover a portion of athlete personal costs for travel, transportation, accommodation and registration as well as a portion of the costs for coach(es) will be available, funds permitting, only for athletes who meet all of the criteria below:

1. Athlete must be a member in good standing of the Club and enrolled in one of its racing programs;
2. Athlete must be under 18 or, if enrolled in post-secondary education with a minimum course load equivalent to 3 full-time full year courses, under 23;
3. Athlete (or a family member) must provide volunteer hours to, at a minimum, satisfy the volunteer bond.

### **Accounting and Reimbursement:**

Statement of accounts will be produced for each athlete on February 28 and April 30. This will include costs associated with coach support and wax charges for events up to February 15 and April 15, respectively. Athletes not eligible for club reimbursement are required to pay outstanding balance within 10 days of receipt of Statements.

In order to be considered for reimbursement for Athletes' Personal Costs, athletes must produce a statement of expenses with receipts:

1. by February 28 for events up to February 15;
2. by April 30 for events between February 15 and April 15.

Club reimbursement of Athlete Costs at Events, for eligible athletes, will be finalized no later than May 31.
